同源策略

违背了同源策略

Same Origin Policy

localhost:8080

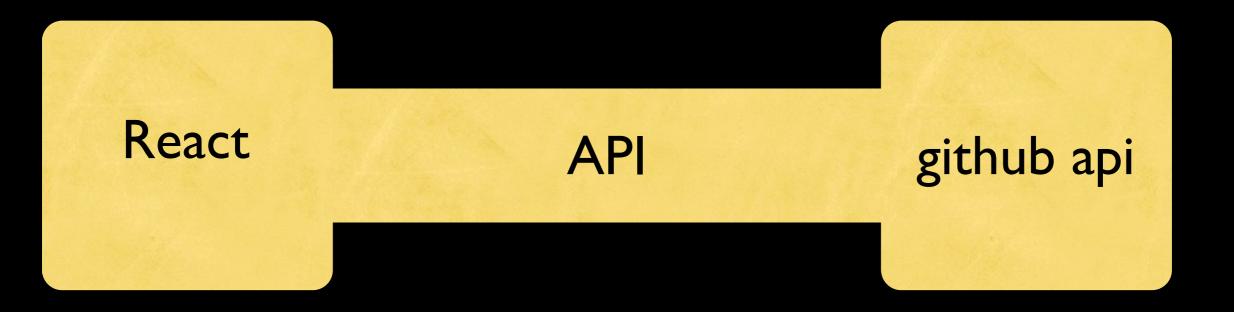

localhost:3000

React API Express Api

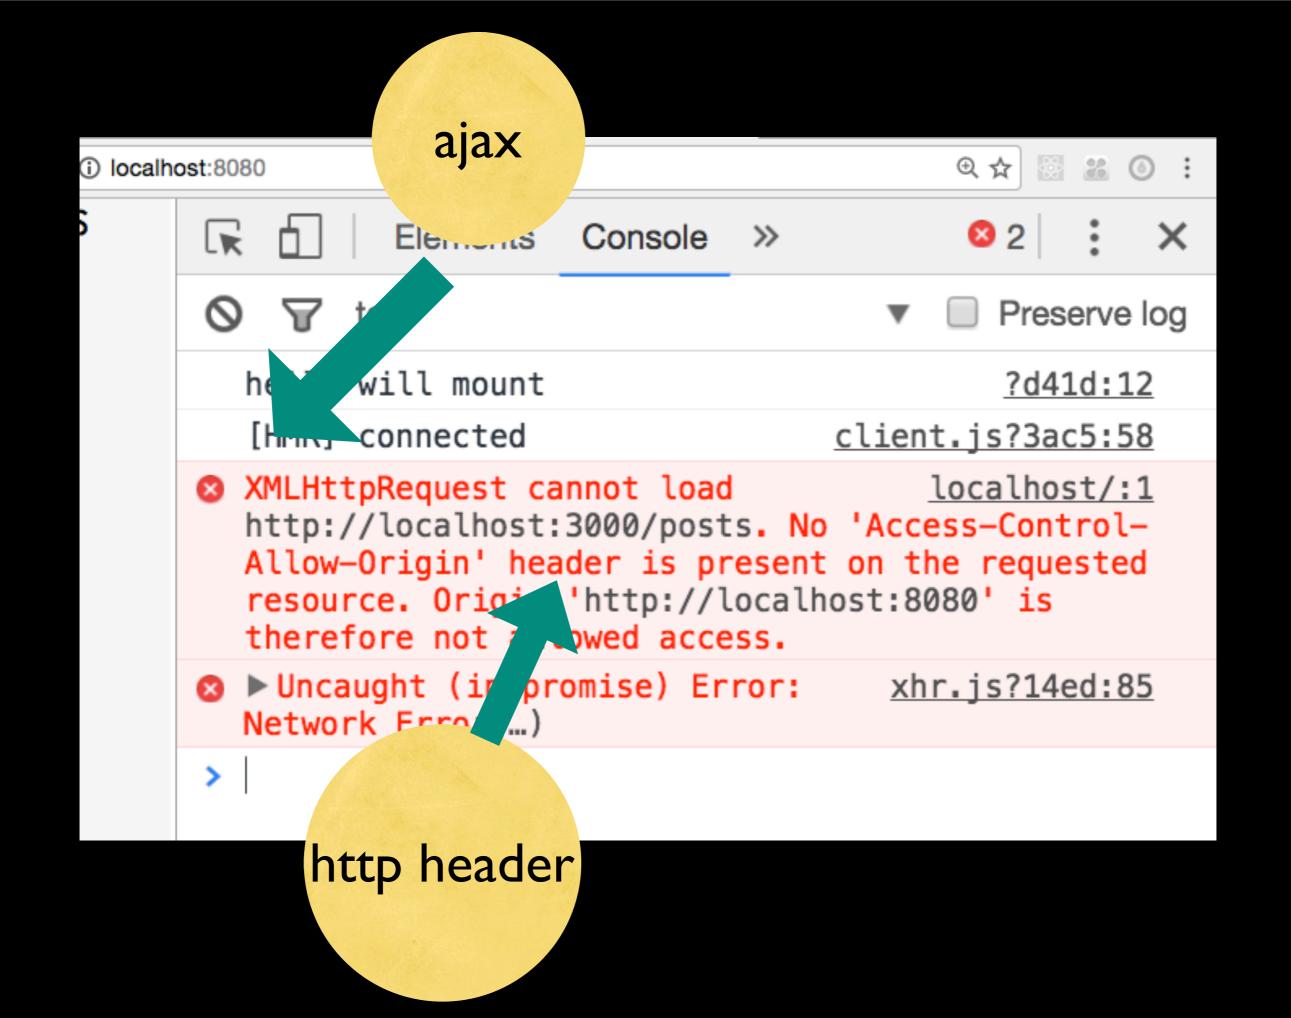

客户端和服务器 端域名相同,同时端口也要相同

haoqicat.com

api.github.com/xxx

原因就是 github 关闭了同源策略

HTTP Request

HTTP Response

HTTP 报头 (header)

Access Control Allow Origin

访问权限允许源头

Access Control Allow Origin haoqicat.com
Access Control Allow Origin *

以 github 为例

```
curl -i https://api.github.com/users/happypeter/orgs
```

如果只想看到 Header 就用 curl -I

```
ed-OAuth-Scopes, X-Poll-Interval

Access-Control-Allow-Origin: *

Content-Security-Policy: default-src 'none'
```

取消 express 同源限制

服务器端设置 Access-Control-Allow-Origin: *

Cross Origin resource share

跨域资源共享

CORS Cross Origin resource share

跨域资源共享

Same Orgin Policy
